## FINDING DORY

3 PM

@

Mission Library  
Friday

Nov. 18th, 2016

Dory is a wide-eyed, blue tang fish who suffers from memory loss every 10 seconds or so. With help from her friends Nemo and Marlin, Dory embarks on an epic adventure to find her parents. Her journey brings her to the Marine Life Institute, a conservatory that houses diverse ocean species. Dory now knows that her family reunion will only happen if she can save mom and dad from captivity.

Light refreshments will be served.
